HETHICO PROGRAMME

14:00 - 17:00

Training session on internal investigations: from Alert to Remediation plan

Description:

This dynamic program is designed for beginners in healthcare ethics & compliance, legal, and risk management roles, enabling them to effectively conduct investigations related to anti-bribery rules and regulations.

Throughout this training, you will gain a comprehensive understanding of the unique challenges and regulatory frameworks governing anti-bribery rules in healthcare.

Through interactive sessions, case studies and practical exercises, you will learn the methodologies and techniques required to conduct thorough investigations, gather evidence, and structure and organize interviews of the relevant parties, as well as build a remediation plan.
